

NATIVE WOODLAND SCHEME

We have been collecting our own seed for the Native Woodland Scheme since 2006. The most important species of this scheme is native Irish Oak.

The Native Woodlands Scheme has the potential to significantly reverse the decline of Ireland's native woodlands and to secure a healthy, vibrant resource for future generations.

It is very rewarding seeing plants going out the gate grown from seed which have been nurtured to this stage right from their initial stage as fruit on the tree.

Oak

Rowan

Hazel

Spindle

Crab apple

Blackthorn

Guelder Rose

Wild Cherry

Holly

NONE-SO-HARDY

Price List 2023 - 2024

As the largest private nursery in Ireland we take the long view, grow quality forests. The success story of None-So-Hardy doesn't end at the nursery gate, it begins in the new forests that our customers establish each year. We are proud to play our part in creating a forest nursery culture in Ireland.
